

# Virtual 2025 Annual Youth Summit

**Organized by the Youth Advocacy Council  
Community, Employment, Peer Education**

---

Throughout Vermont, youth and young adults with disabilities, connect to advocate for youth resources, and lead while providing community service.

At the Youth Summit, hear personal stories from the Youth Advocacy Council on pressing issues, have opportunities to ask questions, and join the conversation.

Each year the Youth Advocacy Council identifies three areas that are of greatest importance to them. This year we are focusing on community, belonging, and friendship, employment education, and peer education.
